Gran Canaria and La Palma

Gran Canaria is known as the “miniature continent” for its variety of climates, flora and fauna. A place that everyone has as a reference is Playa de las Canteras in Las Palmas, one of the longest beaches in the city with three kilometers of blond sand. Another attraction of Gran Canaria is Maspalomas, there are 17 kilometers of coastline with an ecosystem of dunes that occupies about 400 hectares, declared as a protected natural area.

And, for its incredible landscapes, its imposing volcanoes, its deep forests, its cozy beaches, and its skies full of stars, there is the island of La Palma, it is known as the beautiful island.

- Check-in time at the hotel on the day of arrival depends on each establishment, but in no case will it be before 3:00 p.m., unless otherwise indicated.
- A credit card is considered a guarantee, so sometimes you will need one for check-in at hotels.
- Hotels usually have cots available. Otherwise, babies will have to share a bed with an adult.
- Consult the necessary documentation to enter the destinations visited and for transit in the countries where air stopovers are made.
