

Greece, 8 Days · Tailor-made including beach holiday

Athens and Chios by plane

Athens is the capital of Greece and the center of the political, cultural and economic life of the country. With a history beginning three thousand years ago, Athens is a city filled with archaeological sites, monuments, sculptures and even buildings from the Roman and Byzantine eras. Places of interest here include the Port of Piraeus, Syntagma Square, the National Garden, Monastiraki Square and, if you can spare between eight and fifteen euros to visit some of Athens' tourist attractions, we highly recommend visiting the Ancient Agora, the Choragic Monument of Lysicrates, the Temple of Olympian Zeus, the Acropolis and Kerameikos.

Located very close to the Anatolian coast of the eastern Aegean, the island of Chios was for years the best kept secret of the Greeks, who flocked to its beautiful beaches to enjoy peace and tranquility in an environment of great natural beauty. Today, the island of Homer is already an internationally famous destination, a habitual refuge for lovers of ecological tourism. And it is that this small Eden of about 840 square meters, tries to stay away from mass tourism to preserve a beautiful ecosystem of mastic trees unique in the world, paradisiacal and wild beaches and unforgettable Mediterranean landscapes. It also hides the beauty of the aristocratic Kampos, with its old mansions and citrus groves, and picturesque medieval towns with beautiful architecture. Let time stand still on its beaches, enjoy the island's famous ouzo, have fun at one of its many festivals and savor the cuisine of Chios, which will provide you with very pleasant moments. Take the aroma of mastic in your memory forever!
