## Krakow and Warsaw

Discover Poland's best-known cities and monuments and learn about their history. Undoubtedly one of the countries with the longest-standing traditions in Europe. Having been inhabited for 1500 years by Slavonic peoples, Poland emerged as a nation in the 10th century and experienced the splendour of the Renaissance, German, Russian, Austro-Hungarian and Scandinavian influence, as well as war and occupation, before undergoing a quick resurrection after the end of communism.

## Important remarks

---

- Triple rooms in Europe are generally rooms with twin beds or a double, in which a folding bed is installed to accommodate the third person. Due to the inconvenience this causes, we advise against using this option as far the possible.
- Check-in time at the hotel on the day of arrival depends on each establishment, but in no case will it be before 3:00 p.m., unless otherwise indicated.
- A credit card is considered a guarantee, so sometimes you will need one for check-in at hotels.
- Hotels usually have cots available. Otherwise, babies will have to share a bed with an adult.
- Consult the necessary documentation to enter the destinations visited and for transit in the countries where air stopovers are made.
